FROM : Ch/GG/S

SUBJECT: Research Activity Notice

SUBJECT: Population Estimates of Moscow and Leningrad Areas

PROBLEM: In support of NIE-11-3, estimates are needed of the total population and of the total urban population that are protected by the SAM defense systems of Moscow and of Leningrad. The Moscow area for this purpose is defined as the area within 65 NM radius of the center of Moscow; and for Leningrad the area within a 50 NM radius.
